

## **Covid19 - Hygiene concept Youth Section House - 31 August 2020**

**Dear friends and guest of the Youth Section House,**

In order to be able to open our house we have to inform you about the Covid19 guidelines given to make it possible to share the house. Please read the points below before entering, thanks a lot!

**Important:** if there is a closed group in the house, the house is not open for other persons from outside, only for the students and co-workers of the Youth Section itself. In this case you will find a sign on the door that says 'Closed due group visit'.

### **General in the house & max. persons:**

In the living room and kitchen space downstairs in the house are **max. 10 persons allowed** to be at the same time. If this number is exceeded, please arrange that you leave the space : )

### **Distance:**

A minimum distance of 1,5 m must be ensured. Persons from the same household or closed groups of guests who have arrived together do not have to keep this distance. If the safety distance cannot be maintained, a mask must be worn.

### **Kitchen & living room:**

The general hygiene regulations apply to the use of the kitchen. The kitchen is used by only one person/group of guests at a time. If the kitchen is not used by a closed group of guests, but by several individuals from different groups, masks must be worn.

### **Guest rooms:**

The guest rooms are ventilated at least twice a day (morning and evening). Contact areas are also disinfected twice a day (morning and evening). A responsible person is appointed for this purpose. This person also takes over the hygiene instruction of the guests. Sick guests are sent home or are not accommodated. Disinfectants are provided at the entrance of the group accommodation.

All guests must ensure that they have not been to a risk zone or country for Swiss standards 10 days before their arrival. Contact details of all guests staying overnight will be secured.

### **Showers & toilets:**

The showers and toilets are cleaned twice a day (morning and evening). If there is a closed group, they will appoint individuals from their own group to take care of this.
